

HABITAT SLEEPERS

COEN
COMPOSITE WOOD

Defining outdoor living

A rugged product, with modern aesthetics enhancing garden spaces and built to last in the Australian outdoors.

- Suitable for park and garden
- Brushed charcoal finish
- No maintenance required
- Long life span
- Won't bow, warp or twist
- Resists mould, water and sun
- Termite resistant

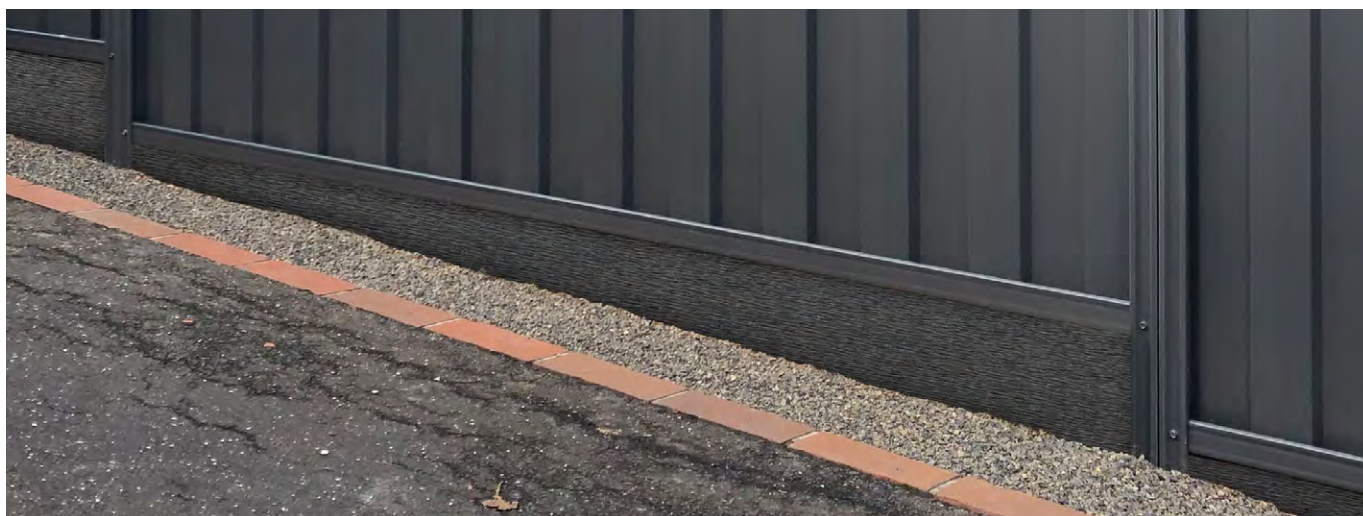

"We really like the appearance of the COEN Sleepers and they certainly are easy to handle and work with."

Philip Bradshaw
